## 4.) Future Proposed Changes

1. Waiver wire deadline. -Voted 5-5. Keep Wednesday at 11am.
2. Trading picks impact on keeper status. -Voted 8-2 in favor of changing the 1<sup>st</sup> round keeper costs under a trade scenario. Moving forward if a team trades their 1<sup>st</sup> round pick, they will not be able to keep the player drafted in the previous year 1<sup>st</sup> round, further separating 1<sup>st</sup> vs 2<sup>nd</sup> round value. This rule will expand The Chuck Schefter Rule outlined in #8 of the handbook and replace the previous 9<sup>th</sup> round pick penalty. All other stack back rule still apply. To be in effect 26/27 season.
3. 5<sup>th</sup> beer shotgun if runner sets a new worse time. -Voted 10-0 in favor of two beer mile changes 1.) if the runner sets a new worse time, a 5<sup>th</sup> beer shotgun will be assessed directly following the beer mile finish. 2.) If a new best time is set, every other owner will be assessed as a shotgun during their 1<sup>st</sup> round pick. For avoidance of doubt, previous owner Tyler Moules's time will not be counted as an official time. To be in effect 26/27 season.
4. Player positions. -Voted 7-3 in favor of removing kickers in favor of an additional kicker. Kickers to be eligible for flex spots alongside this change. To be in effect 26/27 season.
5. If you propose a rule or co sign a rule, you must be in attendance at the owner meeting. -Voted 7-3 in favor of attendance rule. To be in effect 26/27 season.
6. Still don't have consistent winning hardware. -Custom engraved glassware selected by the winner at the end of the season. Commissioner Matt to replace back log on draft day.
7. Additional Proposal - Extension of the re vote from 2 years to 4 years. -Voted 10-0 in favor of voting extension unless a super majority vote is passed. To be in effect 26/27 season.

5.) Trade Summary

- 1. Team Rose sends Isiah Pacheco to Team Perkins for a 9<sup>th</sup> round pick.
